

Choosing a Christian School?

STRONG ROOTS YIELD GOOD FRUITS

Bearing Fruit

Like trees that bear fruit, well-educated students are prepared for lives of impact. They lead others, demonstrate strength to weather change, and make valuable contributions to the Kingdom of God.

CULTURE

- Safe. Joyful. Encouraging.
- Strong academic support for a variety of learning needs
- Parent involvement warmly welcomed and genuinely encouraged
- Committed to providing need-based tuition assistance

SPIRITUAL LIFE

- Encouraging students to live with integrity, conviction, and compassion
- Training through service (International mission trips available)
- Regular chapel with engaging speakers and practical application

CO-CURRICULARS

- 12 Inter-scholastic athletic teams
- 11 Music programs
- 14+ Clubs and after-school activities

So they grow strong, like a tree planted by a stream — a tree that produces fruit when it should and has leaves that never fall. Everything they do is successful.

PSALM 1:3

Growing Strong Roots

Just as a tree needs deep roots, your school needs infrastructure — things that work together to provide enduring strength.

Where You're Planted Matters

As illustrated in Psalm 1, lifelong success starts with a foundation of truth. Like trees planted by a stream, WCGS students prosper in a spiritually enriching environment.

BIBLICAL WORLDVIEW

Every child has a worldview. It starts with early life experiences and teaching from parents. A Christian school should partner with families, training students who filter learning and life through core truths from Scripture.
